

Cali, Colombia, October 19th to 21st of 2016
Universidad de San Buenaventura – Cali

Latin-American Symposium on Dependable Computing

LADC is the major Latin-American event oriented to disseminate computer System dependability research advances. The LADC 2016 program will present technical sessions, workshops, tutorials, keynote talks from international experts in the área and an industrial track. The symposium scope includes system, software, and hardware dependability research works and technological challenges.
